Subject: [focusorissa] Orissa CM's Kandhamal package-
to what end?

As you know, the CM Orissa after his visit to Kandhamal announced a Kandhamal peace package only 3days back followed by the call for peace by the Kui Samaj of Kandhs in a meeting held at Chakapad the next day. Pursuant to it the Collector Kandhamal called a meeting of representatives of various parties, religions and civil society groups in his office where everybody vowed for peace. As irony would have it, alongside of these peace efforts there occurred a fresh spurt of killing, burning and looting with escalated ferocity. This sordid reality led me to probe into very texture of CM's package deal only to find that it neither satisfies the Hindutva camp who is the real instigator of the anti-Christian violence in Kandhamal taking the excuse of the murder of Laxmananand nor redresses the woes of Christians who are the victims of violence by the Hindutva goons. The CM's package, which conspicuously lacks in any proposal to nab the murderers of Laxmananand on one hand and outside elements wearing the garb of Hindutva on the other is only a hoax and if allowed to continue any further shall only aggravate the situation to the detriment of Christians. This is in essence the theme of the Oriya article attached to this mail.
